

# Arthur Bigeard

**Title:**

CEO and Founder, G.V()

**LinkedIn:**

<https://www.linkedin.com/in/arthur-bigeard/>

**Bio:**

Arthur Bigeard is the CEO and Founder of G.V(), the graph technology IDE.

His professional mission is to support graph database users – beginners and experts alike – with intuitive tooling that delivers immediate value for graph projects at all stages from proof of concept to production.

Prior to founding G.V(), Arthur has worked as a software developer, a DevOps engineer, and a Vice President at Morgan Stanley. He has his BSc Honours in Computing Science from the University of Glasgow (2014). Originally from France, Arthur now lives and works in Glasgow, Scotland.
